

VR-TALKS

AN ERASMUS+ PROJECT

Funded by
the European Union

EAPC congress, Barcelona, May 2024

Jan Hrdlička

Virtual patients

- Digital personas for practical training in difficult communication
- Controlled by conversational AI
- In virtual reality

Patient Mr. Gardener, 40 years old, manager,
married, 2 children
Dg. Pancreatic carcinoma, prognosis 6 months.

Hello.

Funding

ERASMUS + Programme

Duration

from 01.09.2023 to 31.08.2025 (24 months)

Consortium Leadership

3dsense s.r.o.

Cooperation Partners

Univerzita Karlova

Universiteit Leiden

University College Cork

Hannover Medical School

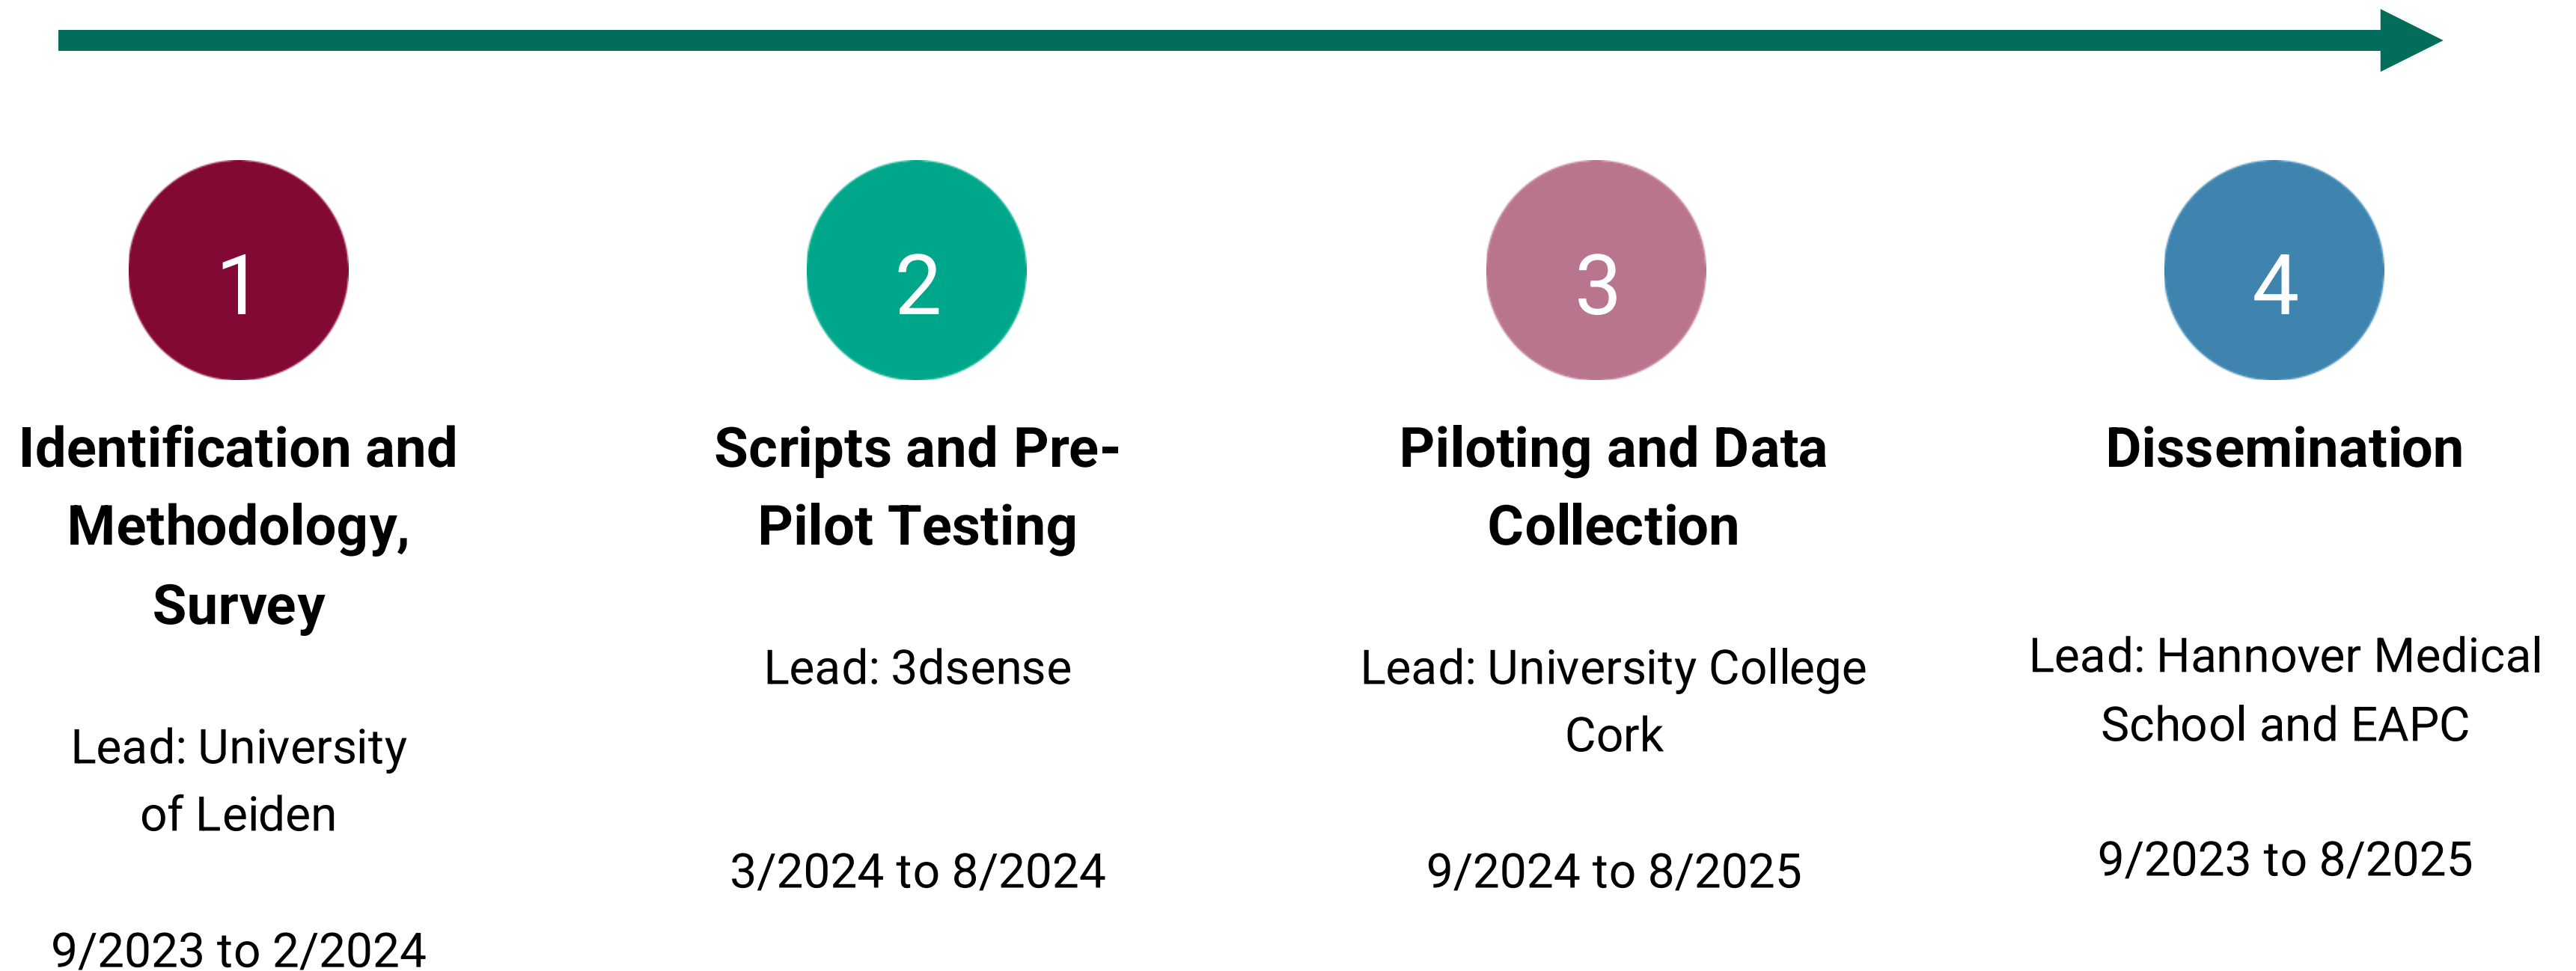

National University of Ireland, Cork

Universidade Catolica Portuguesa

Ludwig Maximilian University Munich

European Association for Palliative Care

Project Design

Survey preliminary results

- Barriers and facilitators of using VR in training of communication
- 75 respondents from Europe (DE, NL, CZ, IE, IT, PT, BE, AT, RO, SE, GB)

Survey preliminary results

Barriers

lack of time
lack of funding
lack of management support
lack of evidence
lack of training opportunities
lack of equipment
lack of tech support
lack of space
lack of resources

Survey preliminary results

Facilitators

A word cloud of survey results presented in a light gray oval. The words are arranged in a roughly circular pattern, with varying font sizes and colors. The most prominent words are 'tech support' and 'equipment', both in large, dark red font. Other significant words include 'evidence of effectiveness' in dark purple, 'management support' in dark purple, and 'implementation strategy' in light blue. Smaller words include 'training' (dark purple), 'personal experience' (dark red), 'help from colleagues' (yellow), 'VR scenarios' (yellow), 'time' (dark purple), 'lower costs' (yellow), 'funding' (light blue), and 'implementation help' (yellow).

training
personal experience
management support
implementation strategy
help from colleagues
evidence of effectiveness
VR scenarios
tech support
time
equipment
lower costs funding
implementation help
